Personal Laptop Acceptable Use Guidelines

I, (Please Print Name) _____, agree to allow the Meridian Technical Charter High School to monitor my personal laptop while at school. This includes but is not limited to the following:

Installing software (Security Agent, User Agent) to enable such monitoring
Adding a user called "mtchsadmin" to your laptop
Recording computer hardware address and IP address

I also understand that using a personal laptop while at school is subject to the rules and regulations set forth in the Meridian Technical Charter High School Student Handbook, Appendix B: *Network/Internet Use*.

This includes the right of a network administrator or school administrator searching my laptop for material that is not school appropriate. I agree to have a program called Security Agent or User Agent installed on my laptop that is an antivirus program and monitoring program. The programs "Security Agent", "User Agent" and "Altiris Client" will be installed for monitoring purposes. They are small programs that do not take very much memory (less than 11MB). These programs will not be uninstalled by the user. Uninstalling either of these programs will result in being kicked off the network and possibly resulting in going on the school step plan.

X _____ Student Signature

X _____ Parent Signature

Any attempts to circumvent or bypass a filter, firewall, or other tool used to manage, maintain or control network use by Meridian Technical Charter High School, Inc. is strictly prohibited and subject to disciplinary action as outlined in the Meridian Technical Charter High School Student Handbook, Appendix B: *Network/Internet Use*.
