Lab Guidelines:

- A quiet and calm environment is maintained at all times.
- Students are expected to remain quiet unless quietly discussing schoolwork with a teacher or peer.
- Students are expected to work on school related assignments.
- No gaming or non-school related internet use allowed.
- No music (by approval).
- School computers and resources should only be used for school work and projects.
- Disruptive students will be removed from the lab.

All students should check:

- **Email:** All students are assigned an internal email account that can be accessed from home or school. It is required that all students check email daily for important announcements and communication with staff.
- **Moodle:** Each student has a login and can access Moodle from both home and from school. Teachers will use Moodle to post assignments and students can upload homework through the system and also take tests and quizzes. Parents who wish to have access to Moodle should use their student's username and password, which is available only from their student.
- **PowerSchool:** Each student has a login and can access Powerschool from both home and from school. It is required that all students check powerschool daily for grade updates and see assignment correlation in Moodle.
