

MTCHS Focus Areas

Course Sequence

Senior Focus Areas

Freshman Technology Training

In Freshman Year you will cover multiple technical topics with several different teachers.

At the end of the year you will apply to one of the technical focus areas. The teachers will evaluate your performance and determine your eligibility.

Topics Covered:

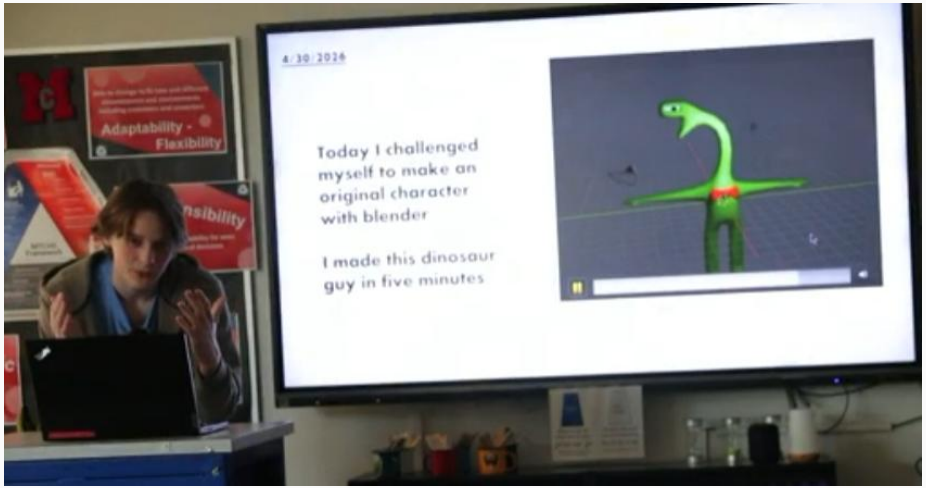

- Web Design
- Computer Basics
- Cybersecurity
- Electronics
- Video Editing
- Graphic Design
- Programming
- Word Processing
- Spreadsheets
- Presentations
- Email
- Data
- Networking
- Principles of Design

Focus Area Auditions

Freshman & Sophomore Audition Process

Freshmen & Sophomores present their best PTE (Personal Tech Experience) work for the year to enter their desired focus area.

Students are awarded their desired focus area based on their audition and class scores.
