

MTCHS PTE & Social Benefits

Personal Tech Experiences (PTE)

Students have the opportunity to learn at their own pace through Personal Tech Experiences (PTE), which are projects done outside of class time.

PTE is *selected* by *students* and approved by teachers

MTCHS students have been exploring:

- Game design
- Unity
- Unreal
- Godot
- Pixel Art Animation
- 3d Modeling & Animation
- Video Production
- Graphic Design

- HTML
- CSS
- Javascript
- React
- Vue
- Next.js
- PyGame
- SDL
- Raylab

- Linux
- Arduino
- FPV Drone
- 3d Printing
- RC Cars
- Subwoofer gaming speaker build
- GPU cluster

And much more!

Social Benefits

Smaller class size - Meet people who have similar interests and skills. Grow stronger relationships with your peers and teachers.

Involved community - Interact with other students who share your passion for technology and meet new people in extracurriculars and events.
